

Announcing a new Self Service Tool which will provide you with the ability to reset your network password / unlock your own network account by visiting a web page.

Use the instructions below to enroll now and begin using this new tool.

How to Enroll:

If you prefer, you can go right to the user friendly enrollment process. Click on this link to enroll in the system: <http://uhspwr.uhsinc.com>

Then follow these instructions to complete your enrollment:

- After clicking on the above link, log in with your current UHS network credentials
- Click on **Enroll**
- The system will prompt you to answer 5 security questions, but please note the following:
 - If you should need to reset your password or unlock your account using this tool, only 2 questions will need to be answered during each reset “session.”
 - You must have 5 unique answers to the 5 questions. You cannot use the same answer more than once.
 - Answers must be 3 letters or more.
 - Answers are not case sensitive. (Passwords, however, **ARE** case sensitive)
- Once you answer the 5 questions, you are done setting up your account.
- You will receive a confirmation email stating you have enrolled in the program.

To unlock or reset your password, click on the link <http://uhspwr.uhsinc.com>
